OGILVILLE CHRISTIAN CHURCH

We are so excited about VBS! You'll notice that things at Roar are...well, a little different from what you might be used to. Elementary kids will be in mixed-age groups with other children who have finished kindergarten through grade 6. These small groups, called Crews, are led by adults who love children and love the Lord. Crews are an important part of Roar! Here's why, kids develop new friendships. While it's true your child might not get to be with his or her very best friend, your child will have wonderful opportunities to make new friends and interact with a new group of children. Most of us assume that age-graded classes are the best way to go, simply because that has been our only experience. However, studies show that children learn as much, or more, when they're linked with kids of different ages. Studies indicate that children often choose to play with children of other ages. Encourage your child to try

something different, he or she might be surprised! Roar is carefully designed for multi-aged groups of children. That means games are team building activities in

which your child's abilities will shine. Kids will also experience Bible stories in powerful, life-changing ways. We actually adapted this change last year and had great success with this multi-age "family" approach. However, the most important factor in making this program a success is you! If your child has doubts, reassure him or her that this is a wonderful opportunity to try something new. Your support will speak volumes to the children we are serving. If you have any questions, concerns or would like to get plugged in please feel free to contact me daily in the OCC office.

VBS will be the week of July 22-26.

Preschool 9:30-11:30am with a snack served.

Elementary 5:30-8:30pm with dinner served.

Construction Update

The OCC building project continues to move along at a brisk pace. Much of the foundational work is done with the primary floor space about 90 percent complete. The framers are about to begin the next phase of construction this week. Please continue to pray over this project and the lives that will be impacted for Jesus in this space.
